FOREWORD

Wellington and District Shorthorn Breeders' Club is pleased to present this Consignment Sale of Shorthorn breeding stock. All cattle have been inspected and have been found sound in every way, and negative to a blood test for brucellosis conducted by Health of Animals, Federal Department of Agriculture.

We invite you to inspect this fine consignment of breeding stock. They represent some of the top herds and sires of the province. You can rest assured that the cattle you may buy will be most profitable to you whether you own a purebred or commercial beef herd.

All bulls will be paraded at 12.30 p.m.

If you are considering doing any cross breeding, remember some Shorthorn blood is a must in that program, to be successful.

Did you know that approximately thirty breeds of pure bred cattle in the world carry some Shorthorn blood in their ancestry?

We hope you will be with us on sale day, however, mail bids may be sent to any of the following:

From the sale manager

Having managed this sale since its inception in 1954, I look back with pride to the service this sale has provided to both the buyers and sellers of Shorthorn cattle. I believe we have a reputation of selling sound cattle that are assets to their new owners. I feel this offering will be no exception.

The consignors are contributing only their best. Several entries have been top contenders at strong Ontario shows. Many of the best Shorthorn herds and blood lines in Ontario are represented in this sale. I hope you can be with us sale day.

If any purchaser is not able to pick up his cattle the evening of the sale, please contact me and we will keep them at our farm (4 miles West of Erin Village on the Fifth Line of Erin Township, 1 mile South of Highway 24) free of charge up to one week. Beyond this time a charge of \$2.00 per head per day.

GUARANTEE

- 1. The cattle offered in this sale are thoroughly healthy. All of the entries are from T.B. and Brucellosis accredited free areas.**

All other cows and heifers sold as single lot are guaranteed breeders except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. The expense of return freight in such cases is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves not to be a breeder, then the purchaser shall be given the option of having the purchase price refunded without interest or of accepting a substitute as stipulated above. Salvage to go to seller. No charge for feed or maintenance shall be made by either buyer or seller.**
